

# TEMS Parent Portal

TEMS (Tyler Education Management Solution) is the new student information system being utilized by Thomasville City Schools. We are proud to announce that the Parent Portal is now available to all parents/guardians. The Parent Portal will provide you with a secure login to the TEMS Parent Portal website and will allow you to access information regarding events at your student's school, assignments, and current progress. The Parent Portal is available anywhere that you have an Internet connection.

If you would like to have access to the Parent Portal, please complete the TEMS Parent Portal Registration Form and take it to your student's school with one form of picture ID. If you have multiple students, you only need to complete one form, and you can take that form to one school for registration. Your login information will be emailed to you at the email address provided. If you do not provide an email address, the login information will be mailed to you.

We look forward to increasing communication with parents through access to the TEMS Parent Portal. If you have any questions, please contact your student's school.
