

Google Sheets Add-ons

[Flubaroo](#): enables teachers to grade all at once all of their students' responses to a quiz created in Google Forms

[Save As Doc](#): enables you to select a series of adjacent cells and turn them into an easy to read Google Doc

[Mapping Sheets](#): allows you to create maps from spreadsheet data

[Online Rubric](#): enables you to create rubrics, enter scores, and email scores to students.

[Lab Scheduler](#): enables you to easily create and maintain a lab or room reservation system.
